

Spring Makes

Get ready for Spring by stitching for your home and family. Projects are designed to add to your sewing skills which you can then use in other projects.

Week 1

Bunny Bags and Carrots - sew these cute bunny bags to fill with Easter goodies for both children and adults. Add some fabric carrots which can be used both as decorations or toys. You will learn how to sew a drawstring bag with a channel which gives a different look to the bag. The bag pattern can be adapted to make different sized bags which can be used for jewellery, toys and gifts.

Week 2

Storage Tubs - create three storage tubs that can be used to store all sorts of items anywhere in the house. The pattern can be adapted to make different sized tubs, and you learn how to customise the pattern to create different tubs and bags with a wide range of uses to help you get organised for Spring.

Week 3

Spring themed cushion cover - create your own patchwork cushion cover to brighten up your home. You will learn how to insert a zip using the zipper foot.
